

PUT HIGH GROSS, NEW PROFIT DOLLARS ON YOUR MENU

DIFFERENTIATE YOUR MENU WITH A HIGHLY PROFITABLE ARTISAN PINSA

A WONDERFULLY DELICIOUS AND UNIQUE MENU ITEM READY IN MINUTES

Pinsa is an ancient roman pizza recipe that is fast growing in popularity. The secret is in the crust, which can only be crafted by hand and contains water content up to 85%. This leaves the pinsa crust airy and lighter - crispy on the outside, soft on the inside - than traditional heavy and oily pizza crust. Pinsarella brings you an all-natural, 100% organic, pre-made crust that is ready in minutes from just a simple electric toaster oven - no special equipment or retro-fit necessary. You will be amazed at the high-quality artisan look and taste of this unique and crafted pizza product.

Why put pinsa on your menu? Every restaurant can offer pizza. It's so popular that it's hard to ignore on any menu. To differentiate your menu while increasing real brand value, you are offering a unique craft product that is not offered anywhere around you and can easily be an appetizer or a light entree. In fact, you can use Pinsarella crust for table bread, specialty bread, ancient roman pizzas and even sandwiches.

The 100% hand-made pinsa has a beautiful back story that commands attention and drives taste buds crazy. Even better, Pinsarella pinsa dough is 100% organic and contains ingredients that are vegan-friendly and lower in fat and carbs, which yields less calories and makes for a healthier, high-demand product that is so versatile and perfect for a wider audience.
